public works

PUBLIC PARK

María Auxiliadora

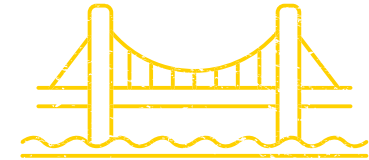

client
Marbella Council City

built
5500

work

A public park with several playgrounds and biohealthy devices. The park has two separate areas divided by a reinforced ground wall. Here there is a turf on one side, whilst a landscaped area with some treated wooden facilities for children takes place in the other one.

RESTORATION

Antonio Banderas Square

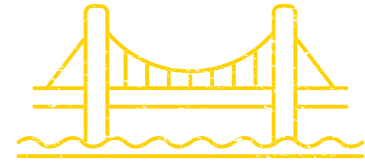

client
Marbella Council City

built
22000

work

Restoration of the main square in Puerto Banús. The work includes the construction of a main shade area (150 m) by installing a unique pergola in solid Finnish pinewood and a hot galvanized metal structure. Besides, the fountains, pots and flooring have also been repaired. Finally, a brand-new LED system in several colours has been placed in the fountains.

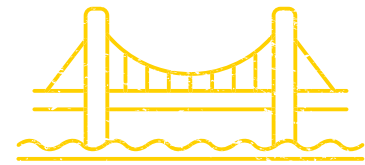

ADUAR ST. AND RAFINA ST.
Marbella's historical centre

client
Marbella Council City | built
2100

work
Remodelling of Aduar St. and Rafina St. in Marbella's historical centre. The entire flooring gets demolished and sanitation, rainwater, cable network, telephony, municipal gas and streetlight services installed.

BUS STATION of Marbella

client | built
Portillo | **2500**

work

Integral remodelling of the interior of the bus station, with a reinforcement of the exterior car park. New ticket windows and toilettes have been built.
