public works

PUBLIC PARK

María Auxiliadora

client

Marbella Council City

built

5500

work

A public park with several playgrounds and keep-fit equipment. The park has two separate areas divided by a reinforced ground wall. There is a lawn on one side, and a landscaped area with timber children's facilities on the other.

RESTORATION

Pl. Antonio Banderas square

client

Marbella Council City

built

22000

work

Restoration of main square in Puerto Banús. The work includes a shaded area (150 m) by installing a single pergola in solid Finnish pinewood and a hot-galvanized metal structure. The fountains, plants and paving have also been repaired. Finally, a brand-new multicolour LED system has been installed in the fountains.

ADUAR ST. AND RAFINA ST.

Marbella's old district

client
Marbella Council City

built
2100

work
Refitting of Aduar street and Rafina street in Marbella's old district. The paving is removed in its entirety in order to install sanitation, rainwater, cable network, telephony, municipal gas and streetlighting services.

BUS STATION of Marbella

client | built
Portillo | **2500**

work

Comprehensive refurbishment of the bus station interior, plus improvement work on the outdoor car park. New ticket desks and toilets have been built.
